

# Heart of Palm

**AC of Miami, Inc.**

# Whole Hearts of Palm in 14oz (1/2 kg)

- In this can the pieces of intermediate sections are packed. This could be considered as the standard presentation and the most popular in the market. We could also say that is a product that can be used in salads and to make special meals. The texture is firm and nice flavor.

Pallet = 153 Cases | Case = 24 Units

Pallet = 272 Cases | Case = 12 Units

# Whole Hearts of Palm in 28oz (1 Kg)

- This is a presentation where (6 – 9) palmito pieces are packed in a can, while using the first cuts from the base of the heart of palm. It is a slightly stronger taste and is appropriate for general use, in salads and special recipes. Due to the size it is used in the restaurant and hotel business.

Pallet = 120 Cases | Case = 12 Units

# Whole Hearts of Palm in 13oz

- In this can the pieces of intermediate sections are packed. This could be considered as the standard presentation and the most popular in the market. We could also say that is a product that can be used in salads and to make special meals. The texture is firm and nice flavor.

Pallet = 221 Cases | Case = 12 Units

# Premium Hearts of Palm

## 14.5oz

- This is obtained from the mid section of the core, it has a delicate flavor but stronger than the extrafine. The texture is harder. This product is excellent to enjoy directly from the jar or to elaborate diverse dishes or for salads.

Pallet = 221 Cases | Case = 12 Units

# Extra Fine Hearts of Palm

## 14.5oz

- This is obtained from the section of the leaf sprout that is closest to the sun, from this section the thinnest products are obtained, delicate flavor and texture. It is delicious in salads or in salmon rolls, etc.

Pallet = 221 Cases | Case = 12 Units

# Spears 9oz

- It is a very fine product for those who enjoy the thin pieces of Hearts of Palm.

Pallet = 225 Cases | Case = 12 Units

# Whole Hearts of Palm in 14.5oz

- In this can the pieces of intermediate sections are packed. This could be considered as the standard presentation and the most popular in the market. We could also say that is a product that can be used in salads and to make special meals. The texture is firm and nice flavor.

Pallet = 221 Cases | Case = 12 Units

# Precut Double Layer Hearts of Palm 13oz

- This product is obtained from the meristem or growing point of the stem. This is where the plant concentrates all nutrients and where the enzyme dynamic for the development of the leaf is more intense. This is why the flavor is stronger and texture is soft and delicate. This piece is slightly conical, but delicious due to the softness and strong flavor. It is ideal to make rolls “jamon Serrano”, bacon or salmon. It can also be made with rice or salads as shown in the recipes.

Pallet = 221 Cases | Case = 12 Units

# Precut Double Layer Hearts of Palm 26oz

- This product is obtained from the meristem or growing point of the stem. This is where the plant concentrates all nutrients and where the enzyme dynamic for the development of the leaf is more intense. This is why the flavor is stronger and texture is soft and delicate. This piece is slightly conical, but delicious due to the softness and strong flavor. It is ideal to make rolls “jamon Serrano”, bacon or salmon. It can also be made with rice or salads as shown in the recipes.

Pallet = 110 Cases | Case = 12 Units

# Precut 7.3oz

- This is a piece with uniform texture with a nice soft flavor and it is adequate for salads or palmito au gratin.

Pallet = 306 Cases | Case = 12 Units

# Hearts of Palm Slices 14oz

- These are obtained generally from the tips of the superior cut and part of the meristem base. They are pieces that are a little heterogeneous in shape but the size is very regular. The taste is soft and delicate. This product is a product ready for salads, since all you have to do is open the can, rinse and apply.

Pallet = 153 Cases | Case = 24 Units

Pallet = 272 Cases | Case = 12 Units
